MEPSA

Model Equine Photo Showers Association

MEPSA is a highly competitive, international mail in photo show series open to all types of model horses. We hold approximately 30 qualifier shows from August to May. Horses placing first, second and third in halter or performance classes during the show season are eligible to compete in the annual International Championship Show, which awards rosettes, ribbons and prizes including custom and original finish models, artist resins, LSQ tack and model horse accessories, and "The Book" - MEPSA's annual full color publication including show results, articles on all aspects of the live and model horse world and resources for model horse enthusiasts.

MEPSA has an **Open Division** and a **Novice Division**. Both categories compete in the champ show. We also have showers who will proxy show for international competitors, stabling their photos and sending them to shows along with their own herd.

There is also a Mini Category: minis show in their own divisions so they don't need to compete with the bigger models and have a chance to shine.

Join us! You can find everything you'll need to start showing at www.mepsa.club
