QUARTERLY NEWSLETTER

DISTRIBUTION: Marie Phillips

**MEPSA** is an educational group for model horse enthusiasts, promoting the hobby of model horse mail-in photo showing.

The purpose of this newsletter is to provide information to showers who do not have internet access. It is mailed free of charge (courtesy of Marie Phillips). The newsletter is also available by email and on the website as a secondary source of information and updates for all members.

**In Short (From the Editors) –**

Welcome to this issue of MEPSA Newsletter from your new editors, Marie and Toni! We took over when long time Editor Liz Jones, retired from the Board. We certainly wish her well, and thank her for the many years she provided us with the Newsletter.

Bear with us as we forge ahead with this endeavor.

Yours truly, Marie Phillips, even with eight novels under my writing belt, I'm inexperienced with any kind of periodical editing and composition. But I promise to do my best to present a readable, informative Newsletter, so our showers can keep up with changes that inevitably come along. I decided to take the reins of the Newsletter so it did not fade away, and I only hope I can fill Liz's shoes with reasonable professionalism and produce decent product with my co-editor! On a personal note, Fall is here in New England and with that comes perfect model photography weather. It has been months since I took model pix, but have a few new ones to add to the growing herd. I keep telling myself I am getting up there in age. What do I need with more models? Well, stupid question that is, to any collector. Well enough yammerin' from me!

Yours truly, Toni Rakestraw. I have been a fiction editor for over 12 years, as well as a newsletter creator many years ago. I'm happy to be on board, and look forward to being a part of MEPSA.

From both of us -- Enjoy the Newsletter!

\*\*\*Do check out the new classlists again, and the qualifier entry form as they have been updated!

**Meanwhile**, the new Board of Directors is settling in to a season of change. Carolyn Bailey has taken over the reins, and with a new BoD, our 2022-23 season is off and running! A season of changes! Marie Phillips, Novice Coordinator for MEPSA for the last 16 years, has taken on the task of Editor, along with new secretary, Toni Rakestraw.

## **Heads up: Reminder!**

**The new class lists have a few minor class# changes.**

**Div A** - We have expanded the SM section for next season:

65a. Breyer Littlebit/Stablemate G1

65b. Breyer Stablemate G2

65c. Breyer Stablemate G3

65d. Breyer Stablemate G4

65e. Breyer Stablemate G5

65f. Breyer Stablemate G6/M1

71a. CollectA. We have separated out the CollectA models and given them their own class, due to their increased popularity.

71b. Other Plastic. For all other plastic makes. eg. Hartland, Schleich, Copperfox, Blue Ribbon, etc.

Class numbers changed: Headstudy changed from #134 to #131. Medallion is now #132.

**Div B** - There are some minor changes in the China division this year. We have removed the North Light only class. Enter them in Factory Resin. We have added a Lakeshore/Breyer Porcelain class. Breyer makes porcelain and resin, so make sure you know which is which, so you enter it in the right class. Breeds of the World, for example, show in Factory Resin.

**Div E/F** - Yes, there are changes here. The first is that we changed the Standing vs Action in the Pleasure classes to Stock vs Other in Western Pleasure and Sport vs Other in Huntseat Pleasure. This change makes a lot of sense since non-stock entries frequently have a different carriage. Please note that: In any class that allows multiple entries, they must be of different disciplines (LIST THE DISCIPLINE ON THE PHOTO BACK). You cannot enter two different photos of the same model doing the same discipline (2 different angles or props for example).

## **SHOWING AND WINNING WITH MEPSA**

**By Carolyn Bailey**

Whether you are a new shower entering their first Novice show or a long time Open shower, there are always ways to improve your chances of winning in a MEPSA show. The MEPSA website, [mepsa.club](http://mepsa.club), contains tons of information to help out our photo showers, including pages for Open and Novice show information, class lists, show dates and judges, information on proxy showing, and applications/instructions for judging. We have forms to download for entering, donating, judging, and applying to be on the Board of Directors. Answers to questions are in the FAQ or you may email the club at [mepsa3@att.net](mailto:mepsa3@att.net), (please put the question in the subject line). If you have not checked it out recently, please click on over! Many of you also subscribe to our quarterly newsletter. Each edition is full of helpful items to improve your experience with us. We offer several contests each year that are fun to take part in. Our annual Makeover Challenge, is where we choose a single mold for everyone to use and let the imaginations fly. We also do Stablemate customizing, tack/prop contests, traditional scale customs, and whatever else our Donations Coordinator includes in the schedule.

Our general rules are located at the top of every class list. When marking your photos with the proper information, please be sure to do so in a legible fashion. Printed labels are the best, as the judge will be able to read the model's information correctly. We strongly encourage Collectability or Workmanship information, as this helps in judging the rarity or degree of workmanship of the model. If the class number has a letter next to it, you need to add that letter, otherwise your entry may not be judged in the correct class.

This year, we will be allowing judges to disqualify entries in the regular qualifying shows. Disqualifications are for rules that would disqualify a real horse in a real show (i.e., jumping a fence backwards, a purebred Arabian in an appaloosa color, a reiner not loping during pattern, a Clydesdale entered in the North American Pony class, fall of rider in Cross Country, bandages on a dressage horse except for Pas de Deux and Quadrille, etc.). If the judge does DQ an entry, they must add a note to the competitor and cite which rule applies. Disqualifications are not for minor issues that are penalties but not disqualifications, such as a bit out of place, too large a saddle pad, etc. *Judges do not have to disqualify any entry.* It will be at the discretion of the judge.

When sending Paypal payments to [mepsa22@yahoo.com](mailto:mepsa22@yahoo.com), use the Friends and Family option for all entry fees and show coupons. If you are buying a model through an auction, you may use the normal Goods and Services option. Please include a note specifying what the payment is for. Show coupons are a wonderful way to deal with paying for your entries. Purchase coupons via Paypal or with a check, from the Treasurer. Each show coupon has a unique number and is only good for one use. They come in denominations from \$1.00 to \$8.00 and are good for all MEPSA shows. If you owe money to MEPSA, make sure that you pay any fees before the Championship show. Anyone in arrears over \$1.00 will not be allowed to enter the show.

We have four different types of shows. Division A shows with a limit of 100 photos per show. Division B/C/D shows with a limit of 100 per division, 150 total. The Division E/F shows limits are 150 per division, total of 300 per show. The Specialty shows have a 200-photo limit, total of 150 halter, but only 100 per any one division. This season, the Mini Division shows will be split up. Some shows will be just Division A, some B/C/D and some will have the Mini Performance added.

### **Gender Division**

Gender type vs breed — Gender type is different than Gender breed. A Sport type stallion can be any breed as long as he is of Sport type. He does not have to be a Thoroughbred or Warmblood. Say you

have an Appendix Quarter Horse. He has the build of a Thoroughbred, so you enter him in Sport Type Stallion, but when it comes to the Breed class, you will enter him in Quarter Horse, since Appendix show with the normal Quarter Horses.

While you may enter Fantasy/Decorators in the Gender classes, most judges do not place them. It is perfectly acceptable to skip the gender classes and just enter breed/color/collectability or workmanship.

**(Editor's note-** this is true, however, with the size of the shows, if you don't enter the Gender classes, or only enter Breed or color or workmanship divisions, it gives extra work to the judge who is handling sometimes over a 1000 pix. If the judge has to set aside photos not marked for the first section, they could get misplaced or lost. I'd advise entering all divisions so the photos move along through the show easily, even if they have little chance of placing)

### **Breed Division**

Researching your model's conformation will help you decide the model's best breed assignment. If you want to name it a Morgan, make sure that your model has a high neck set, short back, long underline, etc. If the model has a low head carriage, a long back and low tail set, it is not a Morgan. Try Mustang. There are subtle differences in all the Warmbloods, but they matter. Many warmblood registries do not permit pinto coloring. So even if the model has all the characteristics of a Holsteiner, if it is a pinto, it cannot be a Holsteiner.

Once you figure out the breed, go to the Open Show Information page of the website. There you will find a link to the Breed Directory, showing which class a specific breed should enter. A mixed breed may enter whichever mixed class the owner feels is best for their model. For example, if you have a Quarab that is more stock in build, you may choose to put them in the Other Pure/Mixed Stock rather than the Part Arab class. Mixes that are of two diverse types (Sport/Draft, Light/Stock, etc.) may enter #45 Other Mixed class. A great deal of research has gone into the directory. If you feel there is a breed in the wrong place, please contact the Board of Directors and submit your idea.

17. Part-Arabian. This is for the well-known Part Arab mixes. If you have a mix that has Arab in it, but is not a registerable cross, you should enter it in class #45 Other Mixed.

20. Thoroughbred. There is some debate about what colors TB can come in. There are pinto TBs that are full blooded TB. However, according to *The Jockey Club* website, only the following colors are registerable: Bay, Dk. Bay/Brown, Black, Chestnut, Gray, Roan, White, or Palomino. It does not say anything regarding sabino, overo, or splash white.

22. Warmblood. Warmblood vs Sporthorse — American Warmbloods, among others, are Sporthorses, not Warmbloods. The difference is that Warmbloods have registries that require a horse to meet certain criteria, including breeding, conformation, and performance, in order to be registered. Sporthorses do not. Check out the directory to see which breed goes in which class.

23. Sporthorses. Sport breed vs Sporthorse — Sport breeds are different than Sporthorses. An Akhal Teke is a Sport breed, not a Sporthorse. Sporthorses are Warmblood type horses, used in the same disciplines, but do not have the same criteria for registration as Warmbloods.

30. Quarter Horse. This includes appendix QH (QH/TB cross) and Foundation QH.

31. Appaloosa. Appaloosa Horse Club (ApHC) is the main Appaloosa registry and allows Appy crosses with Arab, QH, and TB, so these mixes may show in this class. Appaloosa may also show in Part Arab. Check the ApHC website for more information.

32. Paint. Quarter Horse and TB crosses with Paints are registerable and would show here.

35. Belgian/Percheron. All versions of Belgian including American and Brabant.

41. Feral/Semi-Feral Horse. This class is for horses that live and breed in feral/semi-feral conditions. Some are wild (mustangs), and while others are raised in these types of conditions (Camargue). Horses that live life on their own are generally smaller, tougher horses. This gives them similar body characteristics. Feral ponies should enter the Pony classes.

42. Light Carriage Breeds. Light vs Heavy Carriage breeds. Generally speaking, Lt. Carriage is for breeds that pull carriages and Heavy is for breeds that pull wagons. Lt. Carriage breeds are usually about 1000-1400 pounds, while the Heavy horses are 1400-2000+.

44. Other Pure. Some people have questioned why Lipizzans are in this class. They are Austrian and a mix of Arab/Barb/Neapolitan/Spanish breeding.

### **Color Division**

Foals are slightly different in color than their adult versions, usually a pale version of the adult color. For example, bay foals do not have black legs or full black mane/tails. When the foal coat sheds out at 3-4 months of age, the true adult color will start to show.

47. Bay/Brown. Bay horses have black points, even wild bays. Wild bays will have the black mane/tail and a small amount of black on their lower leg (up to the fetlock).

50a. Gray-Dapple. If your model has any dapples, faint or not, enter them here.

50b. Gray-Other. These models should not have dapples.

52a. Pinto - Tobiano/Tovero. There are many online resources to find which pattern your pinto-colored horse has. Medicine Hats show in this class.

53a. Appaloosa - Blanket. Again, check your online resources to choose your model's leopard complex markings. There is a subtle difference between an extended blanket and a semi-leopard. Generally speaking, if the pattern goes beyond the withers, it is a semi-leopard and not a blanket.

54. Dun. These are horses that exhibit the Dun factor. This means that the main body color is diluted, and they have a dorsal stripe. They may also have primitive markings, like leg barring, etc. The dun factor does not affect the mane/tail color, eye, or skin color.

55. Cream (Buckskin, Palomino, Smoky Black, Perlino, Cremello, Smoky Cream). The Cream gene affects eyes, skin, and coat color. The first three colors are single dilutes, while the second three are double dilutes, depending on their genetics.

56. Other Natural. All Longears, regardless of their color, are to show in this class.

### **Div. A Collectability Division**

Limited editions and Commemorative editions are regular runs, just in limited quantities. Collector's Choice models are also regular runs. The years in classes #58-60 represent the discontinued dates, not the release dates, for the models. If your model's number is 5-6 numbers long, usually starting with a 4 or a 7, it is a Special Run. The wonderful resource Identify Your Breyer can help you with deciding where your model should go. Due to the passing of the webmistress, the site is not completely current (but is being brought back up-to-date). However, we do have some other people who are helping to fill that gap. Here are links to other sites that have the current information:

<https://bmhrmeta.ipower.com/IDYB/2021new.html> Basic release info. There is also a link to 2022 models' page.

<https://identifyyourbreyer.weebly.com/> This site has more detailed mold info and photos.

<https://www.breyerhorseref.com/> Set up just like the Stone Horse Reference site.

[https://bmhrmeta.ipower.com/IDYB/molds\\_variations.html](https://bmhrmeta.ipower.com/IDYB/molds_variations.html) This lists the molds along with their variations and the release dates.

We have expanded the SM section:

65a. Breyer Littlebit/Stablemate G1

65b. Breyer Stablemate G2

65c. Breyer Stablemate G3

65d. Breyer Stablemate G4

65e. Breyer Stablemate G5

65f. Breyer Stablemate G6/M1

The Stone classes are pretty self-explanatory. The [www.stonehorseref.com](http://www.stonehorseref.com) site is an excellent reference site. They have changed recently and now require you to sign up to use the site, with various levels. I suggest you do all your research in one sitting.

71a. CollectA. We have separated out the CollectA models and given them their own class, due to their increased popularity.

71b. Other Plastic. For all other plastic makers.

131. Headstudy. Headstudy changed class number from #134 to #131. Medallion is now #132. A headstudy photo should show a clear shot of the head. The photo may include the neck, down to but not including the shoulder. This class is to highlight models with exceptional paint jobs and details. The background should be plain and/or out of focus. Any flaws in the paint job/mold (overspray, seams, unpainted areas) will show up more in this class, so pick your models carefully.

### **Div. B Collectability Division**

There are some minor changes in the China division this year. We have removed the North Light only class. Enter them in Factory Resin. We have added a Lakeshore/Breyer Porcelain class. Breyer makes porcelain and resin, so make sure you know which is which, so that you enter it in the right class. Breeds of the World, for example, show in Factory Resin.

### **Div. C Workmanship Division**

No changes in this division! There is one clarification that needs to be made. Class #81 Artist Resin-Custom/Original Sculpture is for models that have been modified from their original design or completely new sculptures. It is not for simple repaints of Artist Resins, regardless of whether the sculptor painted the model or someone else. These are to be entered in 78-80B depending on their size.

### **Performance Division**

Yes, there are changes here. The first is that we changed the Standing vs Action in the Pleasure classes to Stock vs Other in Western Pleasure and Sport vs Other in Huntseat Pleasure. In any class that allows multiple entries, they must be of different disciplines. You cannot enter two different photos of the same model doing the same discipline. For example, in Hunter Arena/Field, you cannot enter one model doing Green Hunter and one doing Hunter Equitation. You may do one Green Hunter and one Field Hunter.

94. Western Arena Trail. This is for the normal Arena Trail class. Other trail versions, including Ranch Trail belong in class #104 Other Arena Western Performance.

98. All Roping. This includes Tie-Down, Breakaway, and Team roping events.

100. Barrels. Traditional Speed Barrel racing. Any others should be in Speed Western Games.

101. Poles. Same here.

102. Speed Western Games. There seems to be a lot of confusion about which games go in which classes. Lucky for us, there is a list! The Speed vs Skill Games list, found on our website, on the Open Show Information page. This class is for true races, where speed is the main requirement.

103. Skill Western Games. This class is for games that require a skill to win. Speed may also be involved, and the game may say 'race' in the title, but the skill is the deciding factor.

104. Other Arena Western Performance. This is for Extreme Cowboy, Ranch division classes, and anything else that did not fit in the above classes.

105. Other Western Performance. This is for anything outside of the arena, working ranch horse, lead pony at the races, lesson horse, etc.

113. Hunter Arena/Field. In Hunter Arena/Field, you may have one Arena entry (Show Hunter: green hunter, hunter hack, equitation, etc.) and one Field (Field hunter, this is a fox hunting type horse). Field hunter classes are not in an arena, they are outside on trappy footing, with logs, coops, water, aikens, and banks as jumps. The Arena hunter jumps are different than the Jumper jumps. A course designer explained to me that Hunter jumps are designed to stay up and the Jumper jumps are made to come down. Hunter jumps are earth tones, require a ground line or box, have minimal decoration, and have no flags or numbers. The jumps require an obstacle that can be dislodged: pole, gate, blocks, brush, etc.

114. Jumper. Jumper jumps can be creative but must be safe. Verticals, liverpools, skinnies, oxers, triple bars, etc. decorated in any color. It must have something that can be knocked down, held up by jump cups. It must have flags, red on right, white on left, and a number. A knock down does not necessarily mean that you lose. Jump offs are a combination of knock downs and time. In both classes the model needs to clear the jump safely. If a model is too close to the jump, it will hit it on the way up. The takeoff spot is approximately the same distance out as the jump is high. Liverpools, the takeoff is as close to the tape as possible without stepping on it and landing clear on the other side.

115. Dressage. Even lower-level Dressage horses are still in a frame, just not as compact as the upper-level horses. A strung-out model is good for the extended free walk and that is about all.

116. Cross Country. These are solid jumps of varied sizes and materials. There are flags and numbers involved, depending on the level.

119. Other Arena English Events. English Riding, lesson horse, etc.

120. Other English Events. Fox hunting, Hunter Pace, Polo, etc.

### **We have changed the Other Performance division.**

We combined the two Harness classes into one, simply because of the lack of entries. We combined the Parade class with the Other Costume class and Packing entries now go in the Other Performance class for the same reason.

130. Other Performance. This is for entries that did not go somewhere else. It is not for an Other Western or Other English entry. It is for things like racing, coon jumping, in-hand classes, endurance, packing, etc.

In the Mini Specialties that have performance, we will have a new class list. This is actually the same class list that has been in the Championship shows since the Mini division began. Please notice that the class numbers are different. MP precedes all the numbers. If you wish to show your minis in the regular Div. E/F shows classes, you will need to correct the class number. In the Mini Performance Division I, OF and CM will compete together, just like they do in the Champ show.

- MP1. Western Pleasure
- MP2. Western Bareback
- MP3. Western Trail (arena/natural - 2 entries allowed per horse)
- MP4. Roping/Cutting (2 entries allowed per horse)
- MP5. Other Stock Work (2 entries allowed per horse)
- MP6. Barrels/Poles (2 entries allowed per horse)
- MP7. Other Western Games (2 entries allowed per horse)
- MP8. Other Western Performance (2 entries allowed per horse)

- MP10. English Bareback
- MP11. Saddleseat/Park/Sidesaddle (2 entries allowed per horse)
- MP12. English Trail (arena/natural 2 entries allowed per horse)
- MP13. Hunter/Jumper (2 entries allowed per horse)
- MP14. Dressage
- MP15. English Games (2 entries allowed per horse)
- MP16. Other English Performance (2 entries allowed per horse)

- MP17. Harness
- MP18. Costume/Parade (2 entries allowed per horse)
- MP19. Showmanship
- MP20. Liberty
- MP21. Other Performance (2 entries allowed per horse)

**Other Performance Champion/Reserve.**

There are a lot of changes this season, but every change is to improve the entrant's and judge's experience. If you want to be competitive, you will need to spend some time going through the new class lists and re-numbering your photos. Photos that do not get updated will find themselves unqualified next Championship show. If you have any other questions about entering and showing with MEPSA, please feel free to contact us. We want everyone to enjoy showing with us.

**CONTESTS**

**REMAKE CONTEST!**

Phar Lap was chosen as the remake model. You can do as little or as much as you want to customize the model. The deadline for completing your model is TBA, but tentatively by March 31, 2023, but this is subject to change, so stay tuned!

## **NOVICE SHOWS**

The **MEPSA Novice Photo Show Series** provides newcomers with an opportunity to learn how to improve their photo show entries by using direct feedback. Entrants will be given individual private critiques on EVERY photo they enter, thus allowing them to see exactly what they can improve on. Photos will also be judged against one another (just like a regular photo show) and full results will be given to all entrants.

### **Some rules to remember:**

Showers CANNOT enter Novice shows and OPEN shows at the same time. There is a maximum of 2 years allowed in Novice for showers over 16. Age 16 and under, no maximum. Graduating from Novice will occur prior to the maximum allowed time, when the majority of judges recommend moving up to Open. A shower may elect to move on to Open on their own at any time. It is recommended that a shower take advantage of the Novice shows and enter as many as possible. The Novice Division is designed to help you improve your photography, but the judge can also help you with other details, such as breed assignment, labeling your photo back, etc.

Novice showers may move up to the Open division, which also includes all Specialty shows, at any time. However, if they choose to do this, they CANNOT enter any further Novice shows and must forfeit all qualifications in the Novice Division. Once moved to Open, they cannot show in the Novice Division. All photography must be done by the entrant, no professional photography allowed. All Original Finish Plastic or China (OF), Custom (CM) and Artist Resin (AR) horses welcome.

**FEES AND RULES:** \$2.00 per show. PLEASE make check/MO out to the judge, not MEPSA!

Entrants may not enter more than 15 photos per show. All photos will be individually critiqued by the photo show judge and entrants will be given constructive criticism on how to improve their entries. Horses that place 1st, 2nd or 3rd in any halter class in this series ARE eligible for the MEPSA Novice Halter Championship division and, in Performance, any horse placing 1st, 2nd or 3rd are eligible for the Championship Novice Performance division in the class they place in only!! The show format changes every other month. Shows in ODD months are halter shows and shows in EVEN months are performance shows.

**STANDARD PHOTO SIZES ONLY** – Show photos should be of uniform size. 4×6 photos are preferred, but 4×5.25 and 3×5 are also allowed. Any other size may be disqualified by the judge.

Entrants may enter one photo per horse in Halter. Enter each photo in one gender class and one breed class. Example: An Arabian Stallion photo would be entered in classes 1, 5, while a Clydesdale gelding would be entered in 3, 8. You do not need separate photos for both sections.

In Performance, it is one photo per horse per class in classes 13, 14, 18, 19. The remainder may have multiple photos of the horse as long as they are of different disciplines, i.e. Roping and Cutting in Western Stock Class or Arabian and Native American in Costumes.

Duplicate entries will be DQ'd.

### **HOW TO ENTER:**

The information needed on your photo back:

Horse's name, breed, gender, color and make/mold information should be printed or written in ink on a label. Do not write directly on photo backs as it will smear and often transfers to other photos in humid conditions. DON'T use a Sharpie or any marker type pen as they can bleed right through the photo.

**Class or classes entered** – In Halter, this will be two classes, one for gender and one for breed type. In Performance, this will be only one class, and it helps to explain what your horse is doing. (Use pencil on a blank

label. Some use scotch tape, but I dislike it as the pencil fades over time and the tape itself can leave sticky spots. Pencil is used so you can erase and remark the class numbers).

Your full name, your street address, city, state, zip code, email address and your five letter entrant ID code (1st two letters of 1st name and first three letters of last name-example: Marie Phillips-maphi). An address label is perfect and preferred for this information, but you may write it in pen on a blank label. Be sure it's readable! Bigger is better.)

Showers should put their photos in a ziplock bag to keep them clean, dry and together. It is not mandatory to do this, but it is good practice to keep your photos safe and should the envelope be damaged, they will get back to the shower.

### **WHAT TO SEND:**

Don't forget your entry fee, to make sure your name and address is on EVERY photo back, that your classes are marked on every photo back, and that you have enclosed that very important SASE! What is an SASE? It's an envelope you have addressed to yourself, with that show's judge's address as the return, that is LARGE enough to fit all your photos and results if needed, and is PRE-STAMPED with enough postage to mail home all your photos and results, unless you get your results by email. This is very important, because otherwise, the judge cannot return your photos to you! You need to put at least the same amount of stamps on the return envelope as it takes to send your package to the judge. A lot of veteran showers will put an extra stamp in their photo bag with their name written on the back of the stamp in ink (just in case).

Shows will run the third Saturday of every month.
