QUARTERLY NEWSLETTER

EDITORS: Marie Phillips & Toni
Rakestraw
DISTRIBUTION: Marie Phillips

<https://mepsa.club/>

MEPSA is an educational group for model horse enthusiasts, promoting the hobby of model horse mail-in photo showing.

The purpose of this newsletter is to provide information to showers who do not have internet access. It is mailed free of charge (courtesy of Marie Phillips). The newsletter is also available by email and on the website as a secondary source of information and updates for all members.

In Short (From the Editors) –

Welcome to this issue of MEPSA Newsletter from your new editors, Marie and Toni! We took over when long time Editor Liz Jones, retired from the Board. We certainly wish her well, and thank her for the many years she provided us with the Newsletter.

Bear with us as we forge ahead with this endeavor. It may take a few issues!

Yours truly, Marie Phillips, even with eight novels under my writing belt, I'm inexperienced with any kind of periodical editing and composition. But I continue to do my best to present a readable, informative Newsletter, so our showers can keep up with changes that inevitably come along.

On a personal note, the Holidays have come and gone, with family, fun, food, and football. We had a record cold Christmas, but no snow, while snowstorms buried the rest of the northern part of the country. New Years was warm (60s –bleh) and rainy. Did me some talkin' to the sun, but it does what it wants driving this planet's weather, and we all, as life has for a billion years, must adapt or die. But it doesn't mean I have to LIKE what it does! I love cold snowy winters! Well, enough yammerin' from me!

Yours truly, Toni Rakestraw. I have been a fiction editor for over 12 years (even wrote a couple books), as well as a newsletter creator way back in a galaxy far, far away. The last part of the year took us by surprise with a super blast of cold...now we're almost unseasonably warm. Waiting for Feb or March to knock us back into winter.

From both of us — Enjoy the Newsletter!

A bit of sad news:

We wish to announce the passing of Kitty Grubka the week before Christmas. Kitty was a treasured MEPSA supporter, and she will be missed by many.

Dear Appy:

I'm new to MEPSA, but I am loving it! Mail in showing is so fun! My question is this: How can I give back to MEPSA?

– IMA MEPSA Shower

Dear IMA,

MEPSA can always use your help! Here are a few things you can do.

In order to provide top quality prizes for the annual championships, MEPSA needs funds above and beyond what we collect from the qualifying shows. You can donate to MEPSA via PayPal friends and family (mepsa22@yahoo.com). No extra funds? Don't despair! Why not put your talents to work in a MEPSA fund raising contest?

This year's remake contest is on the Breyer Phar Lap model. Re-envision the model with a little resculpting and paint it up. Donate it to MEPSA. We will sell these to raise funds for the championship or even give some as prizes directly. The winning entry is due a prize. I have no idea what this year's prize will be, but at the very least, the winner would get a limited mini resin Platinum Daylily.

If customizing is not your thing, perhaps you can put your writing talents to work and enter the writing contest. We need Articles on subjects of interest to model horse showers. Tell us about your favorite breed or equine performance, so that we can select breeds for our models and correct tack and props for performance photos. Share your secrets for winning photography. Most articles are published in the annual championship book. You may also see some here in your cherished newsletter!

Other ways to support your club – volunteer to judge! Judging and typing up results is a bit time consuming, but it is also VERY rewarding. Judging gives you a chance to view and enjoy the competition and helps you find ways to improve your own photography and become more competitive! All showers should try to judge one show a year, if possible. Pick a time and a show (some are bigger than others) that works for you. I personally find it very rewarding.

If you are looking for ways to help, contact a board member. Running MEPSA is a big job and board members sometimes need help. You could also consider running for the MEPSA board of directors.

GOOD LUCK SHOWING! Until next time...

~Apsy

P.S. Check out the footing in my photo above in the header of this article. One alternative for footing is to paint footing onto poster board that matches your background. Use heavy body acrylics and a (real) sponge and/or palette knife. This type of footing can be plopped down for quick photos without the mess of loose footing.

Ta ta!

CONTESTS

Annual Writing Contest

Deadline: February 19, 2023

Prize: Custom Foal by Jessica Fry (donated by Elizabeth Jones)

Find details to enter here;

<https://mepsa.club/fun-stuff/contests/>

REMAKE CONTEST!

Phar Lap was chosen as the remake model. You can do as little or as much as you want to customize the model. Donate it to MEPSA. We sell these to raise funds for the championship or even give some as prizes directly. The winning entry gets a limited mini resin Platinum Daylily. The deadline for completing your model is tentatively by March 31, 2023, but this may be extended, so stay tuned!

NOVICE SHOWS

The MEPSA Novice Photo Show Series provides newcomers with an opportunity to learn how to improve their photo show entries by using direct feedback. Entrants will be given individual private critiques on EVERY photo they enter, thus allowing them to see exactly what they can improve on. Photos will also be judged against one another (just like a regular photo show) and full results will be given to all entrants.

Some rules to remember:

Showers CANNOT enter Novice shows and OPEN shows at the same time. There is a maximum of 2 years allowed in Novice for showers over 16. Age 16 and under, no maximum. Graduating from Novice will occur prior to the maximum allowed time, when the majority of judges recommend moving up to Open. A shower may elect to move on to Open on their own at any time. It is recommended that a shower take advantage of the Novice shows and enter as many as possible. The Novice Division is designed to help you improve your photography, but the judge can also help you with other details, such as breed assignment, labeling your photo back, etc. Novice showers may move up to the Open division, which also includes all Specialty shows, at any time. However, if they choose to do this, they CANNOT enter any further Novice shows and must forfeit all qualifications in the Novice Division. Once moved to Open, they cannot show in the Novice Division. All photography must be done by the entrant, no professional photography allowed. All Original Finish Plastic or China (OF), Custom (CM) and Artist Resin (AR) horses welcome.

FEES AND RULES: \$2.00 per show. PLEASE make check/MO out to the judge, not MEPSA! Entrants may not enter more than 15 photos per show. All photos will be individually critiqued by the photo show judge and entrants will be given constructive criticism on how to improve their entries. Horses that place 1st, 2nd or 3rd in any halter class in this series ARE eligible for the MEPSA Novice Halter Championship division and, in Performance, any horse placing 1st, 2nd or 3rd are eligible for the Championship Novice Performance division in the class they place in only!! The show format changes every other month. Shows in ODD months are halter shows and shows in EVEN months are performance shows.

STANDARD PHOTO SIZES ONLY – Show photos should be of uniform size. 4×6 photos are preferred, but 4×5.25 and 3×5 are also allowed. Any other size may be disqualified by the judge.

Entrants may enter one photo per horse in Halter. Enter each photo in one gender class and one breed class. Example: An Arabian Stallion photo would be entered in classes 1, 5, while a Clydesdale gelding would be entered in 3, 8. You do not need separate photos for both sections. In Performance, it is one photo per horse per class in classes 13, 14, 18, 19. The remainder may have multiple photos of the horse as long as they are of different disciplines, i.e. Roping and Cutting in Western Stock Class or Arabian and Native American in Costumes. Duplicate entries will be DQ'd.

HOW TO ENTER:

The information needed on your photo back:

Horse's name, breed, gender, color and make/mold information should be printed or written in ink on a label. Do not write directly on photo backs as it will smear and often transfers to other photos in humid conditions. DON'T use a Sharpie or any marker type pen as they can bleed right through the photo.

Class or classes entered – In Halter, this will be two classes, one for gender and one for breed type. In Performance, this will be only one class, and it helps to explain what your horse is doing. (Use pencil on a blank label. Some use scotch tape, but I dislike it as the pencil fades over time and the tape itself can leave sticky spots. Pencil is used so you can erase and remark the class numbers).

Your full name, your street address, city, state, zip code, email address and your five letter entrant ID code (1st two letters of 1st name and first three letters of last name-example: Marie Phillips-maphi). An address label is perfect and preferred for this information, but you may write it in pen on a blank label. Be sure it's readable! Bigger is better.)

Showers should put their photos in a ziplock bag to keep them clean, dry and together. It is not mandatory to do this, but it is good practice to keep your photos safe and should the envelope be damaged, they will get back to the shower.

WHAT TO SEND:

Don't forget your entry fee, to make sure your name and address is on EVERY photo back, that your classes are marked on every photo back, and that you have enclosed that very important SASE! What is an SASE? It's an envelope you have addressed to yourself, with that show's judge's address as the return, that is LARGE enough to fit all your photos and results if needed, and is PRE-STAMPED with enough postage to mail home all your photos and results, unless you get your results by email. This is very important, because otherwise, the judge cannot return your photos to you! You need to put at least the same amount of stamps on the return envelope as it takes to send your package to the judge. A lot of veteran showers will put an extra stamp in their photo bag with their name written on the back of the stamp in ink (just in case).

Shows will run the third Saturday of every month.

Resources for breed research for the Other Animal Show

Our Other Animal Show is coming up in June! You have some interesting non-equine models, so maybe you want to enter. But what breeds are they? The best way to determine the breeds of your animals is to do research. Granted, this can be daunting if you don't know what you're looking for. Therefore, MEPSA has compiled a list of resources to look at for you.

DOGS:

The American Kennel Club (AKC) has 200 breeds of dogs it represents. Lots of photos.

<https://www.akc.org/dog-breeds/>

The United Kennel Club (UKC). Doesn't have a lot of photos, but does have breed standards.

<https://www.ukcdogs.com/breed-standards>

The Canadian Kennel Club (CKC). Does include a photo of each breed it represents.

<https://www.ckc.ca/en/Choosing-a-Dog/Choosing-a-Breed/All-Dogs>

CATS:

Cat Fancier's Association (CFA)

<https://cfa.org/breeds/>

The International Cat Association (TICA)

<https://www.tica.org/breeds/browse-all-breeds>

American Cat Fanciers Association. (ACFA) Includes breed descriptions and photos.

http://acfacat.com/breeders_directory.htm

FARM ANIMALS:

CATTLE:

List of breeds of cattle, many with a photo. https://en.wikipedia.org/wiki/List_of_cattle_breeds

Cattle in the Livestock Conservancy: <https://livestockconservancy.org/heritage-breeds/conservation-priority-list/>

Other bovines: <https://en.wikipedia.org/wiki/Bovini>

GOATS:

The American Goat Society does not have photos, but does have descriptions.

<https://livestockconservancy.org/heritage-breeds/conservation-priority-list/>

Backyard Goats has a list of all goat registries (dairy, meat, fiber, mini). You might find some photos and descriptions on these registry sites. <https://backyardgoats.iamcountryside.com/ownership/where-to-register-your-goat/>

Goats has a list of breeds. If you click on the breed, you will find descriptions and photos.

<https://goats.extension.org/goat-breeds/>

SHEEP:

Wikipedia has an extensive list of sheep breeds, many with photos.

https://en.wikipedia.org/wiki/List_of_sheep_breeds

National Sheep Association in the UK has descriptions and some photos. <https://nationalsheep.org.uk/for-the-public/culture/sheep-breeds/>

PIGS:

Wikipedia has a large list of pigs with some photos. https://en.wikipedia.org/wiki/List_of_pig_breeds
