MEPSA is an educational group for model horse enthusiasts, promoting the hobby of model horse mail-in photo showing.

The purpose of this newsletter is to provide information to showers who do not have internet access. It is mailed free of charge (courtesy of Marie Phillips). The newsletter is also available by email and on the website as a secondary source of information and updates for all members.

**In Short (From the Editors) –**

Welcome to this issue of MEPSA Newsletter from your editors, Marie and Toni!

**From Marie Phillips:** I hope you find our Newsletter informative, where you can find changes that inevitably come along during the MEPSA show season, which goes from August through May, with the Championship Show in June. New season begins in August!

Summer hit full blast end of June after near record cold May and 1<sup>st</sup> week of June. My little black cat Orion turned 18 on July 15! Anyway, enough about me. We have some important info in the Dear Appy columns this issue so please take a look! We had no Origin tale, or sales lists this issue, so I hope you all will consider submitting origin stories, tales of how the model horse hobby snared you. We are accepting sales lists at one page for \$2.00.

**Important note on the MINI Division-** we use *Identify Your Breyers* system for determining stablemate Gs (G1, G2, G3 etc). There are a few changes to the classlists this season! Please read carefully! Well, enough yammerin' from me.

**From Toni Rakestraw:** Hello everyone! I guess now's the time to let you know I have resigned from the board due to health reasons. I am still judging and doing what I can with the club. It's been hot here in Oregon. Trying to stay cool. My heart goes out to any of our members who have been impacted by heat, flooding, fire, tornadoes... this summer has been an active one weather-wise. Take care of yourselves!

From both of us — Enjoy the Newsletter!

DEAR  
APPY

**Dear Appy,**

I can't find the Custom Glaze class 88 in Division D anymore! Did MEPSA get rid of the class?  
*Glazed and confused*

**Dear Glazed and confused,**

No, MEPSA did not get rid of the Custom Glaze class. It was decided to move it to the China division, (Div B) so that they may compete with the other Chinas. Claybody customs are still in Division D with the rest of the customs.

*Appy*

**Dear Appy,**

The Prince Charming mold in the IDYB has no Generation designation. What is it?  
*Confused About G*

**Dear Confused About G,**

Technically the Prince Charming is an M1. The traditional version was released as a resin in 2011. Some designate it as G6, but this may not be accurate. MEPSA has decided to go with the M1 designation.

*Appy*

**Dear Appy**

Why are the Breyer Stablemate classes grouped by G1, G2, etc. resulting in a lot of same molds all in one class vs the Traditionals & Classics which are based on when the specific model itself was produced?  
**Pondering G**

**Dear Pondering G**

I believe that the reason is that the workmanship and details vary depending on the generation they are in. The details on a G1 can not compare with the details on a G5 or G6. In some cases it can be like comparing apples to oranges, especially with the introduction of M1, which are miniature versions of Traditional models. I hope that explains it!

**Appy**

**Dear Appy,**

How can I take pix of glossy models without getting a lot of glare/reflection on the model?

***Blinded by Glare***

**Dear Blinded by Glare;**

Taking pictures of a glossy model can be tricky, but not impossible. Often, a slight change in position of the model can reduce glare dramatically. It is important to position the model so you achieve a good sideview with minimum glare and extra shine. Altering the angle of the camera and sunlight can eliminate much glare.

Here is some advice from one of our Editors. *“I take all my model photos in direct sunlight, as I feel it gives a realistic feel to the pictures, and the sun brings out the richness in the colors of glossies. Glossy models photo better in direct sunlight that is either morning or afternoon, not high noon or too near sunrise or sunset. The angle of sun striking the model is most important, along with a good quality camera. A good polarizing lens helps a great deal as well.*

*In indirect light, the glossies pick up every reflection, clouds, cars, trees, sky, so I prefer the strong light of the sun, which takes away reflections of other objects.*

*This may not work with every model at every shoot. Ones that refuse to lose their glare, I try again with the sun at a different angle in the sky, or even wait until the seasons change and thus the lighting. I move the board, and the horse (keeping mostly side view of the model) until through the camera lens I see minimal glare. Then I snap many slight angles and exposures. Download and weed out the over and under exposed as well as any that show too much shine.*

*The results can be amazing. Here is a Beswick Appaloosa, one of the glossiest models one can photograph. Both taken in midmorning sun, over the right shoulder, in late spring/early summer.*

Autumn backdrop 2006

Beach backdrop 2008

*Here is another glossy which proved difficult, but using the same techniques, his glare is minimal. This was taken in midmorning, but with one of my “new-2009” backdrops.”*

So take your camera, with a polarizing lens, and try a few shots. You may be surprised at the results, even with the glossiest of models.

*Appy*

## NEWS!

Please note classlist changes! ALL Chinas, including custom glazed, go in Div B!

### In Memoriam

On a very sad note, we said good-bye to a dear friend, long time hobbyist and MEPSA supporter, Laurel Dedes. Even through her battle with cancer, she continued to support MEPSA. She was always someone you could ask for help, especially with Chinas! She lost her fight with her health but left a love of models with us all. She will be missed.

### MEPSA's 2025-26

## **VERSATILITY CHALLENGE**

### 2026 sponsor Rhonda Chisholm

The Versatility Challenge is a way to showcase models that have a truly versatile career. Entries will win a NIB model. Three divisions are available, OF, CM and Mini. This year we are changing the method to choose the winners. Instead of voting in a poll, we will be using a point system similar to the one used for the Robin Nere Performance Award. The RNPA is awarded to the performance shower with the most points. The Versatility points are awarded to the model.

**The submission deadline is July 1<sup>st</sup>, 2026.** All entries in the Challenge must meet the following minimum criteria:

- (1) Halter- At least one qualification in any halter class (Gender, Breed, Color or Collectability/Workmanship)
- (2) Performance – At least three Championships/Reserve Championships, under at least two different judges, in at least two divisions (Western, English, or Other).

- (3) Send the model's information to [mepsa3@att.net](mailto:mepsa3@att.net) . Please include a list of all of the model's wins and a short description of the model, including the owner's full name.

### MEPSA Makeover Challenge 2025-26

Deadline: May 1, 2026

Prize: TBA

Makeover a Traditional scale **Breyer Running Mare** any way you want, with some customization when compared to the original mold. It can be minimum, like a mane and tail or head position change, or a drastic custom - it's up to you! A few bodies may be available to live show proven artists, please inquire. Otherwise, artists must provide their own body. Get the body soon, so you have plenty of time to work! Winner will be decided by popular vote. This is a big fundraiser for MEPSA to help us continue to put on a great Championship show. Please help out if you can!

#### **Contest Rules:**

1. Your identity, as maker, should be kept under wraps until the voting is over. Please don't tell everyone which entry is yours. Guessing is part of the fun!
2. All finished models need to have a clear digital or scanned photo of each side, with a model to show scale sent in to MEPSA, Alice Aldridge

[aaldridge1334@gmail.com](mailto:aaldridge1334@gmail.com) - Alice can do the photographs for you, if needed, when the model is received.

3. All entered models become property of MEPSA to raise funds or use as Championship show awards. This is a MEPSA Benefit contest. Maker must send the finished model to MEPSA upon completion to Alice Aldridge, PO Box 1334, Petal, MS 39465 at their own expense. There is no other fee to enter.
4. The contest will be publicized on Facebook and in model horse groups. Please help spread the word!
5. Deadline for completing your makeover is May 1, 2026. Voting will take place during March.
6. If you would like to enter and request a Running Mare body, please contact Alice Aldridge at [aaldridge1334@gmail.com](mailto:aaldridge1334@gmail.com). We have a limited number of bodies available so you may need to supply your own. If you supply your own body, please send me an intent-to-enter statement at [aaldridge1334@gmail.com](mailto:aaldridge1334@gmail.com) just so I know how many entries to expect.

Name your text file using your last name (e.g. bailey.doc).

Do not embed images in your article. Send the illustrations for your article as separate .jpg files (no more than 2 MB each), named using your last name and the figure/illustration number (e.g. "baileyfig1.jpg"). Illustrations must be original or used by permission from the source. Provide a source for each illustration as they will be listed in the figure captions (e.g. photo by Corina Roberts). Illustrations are an essential part of almost any article.

You may include a short byline describing yourself/credentials/place in the hobby.

Email your files to [mepsa22@yahoo.com](mailto:mepsa22@yahoo.com).

Choose a subject related to model horses in which you are knowledgeable. Here are some examples that would be topics of interest:

Performance-the tack, rules, setting, etc. illustrated with photos of real horses/tack and/or model horses.

Customizing – how to ... (paint, resculpt, do hooves, braid a mane, etc.)

How to make tack – a halter, bridle, saddle, costume, harness ...

How to make props

Breeds (e.g. "Tiger Horse", "exotics") – with real horse illustrations. If you breed, keep or train horses, speak from your experience and illustrate with your horses! What model horses best represent your breed? Why?

Photography – share your special tips on model horse photography with our readers!

Model horse manufacturers: a history of Hagen Renecker or Breyer or artist resins ...

Fiction/poetry – We are willing to accept these submissions. Of course they should be horse related. We will not be printing more than one "creative work" in the Champ book.

Others may appear in the club newsletter.

Other similar subjects of interest to model horse photo showers. To see an example MEPSA Championship book, go to Lulu.com, search for MEPSA, and look at a preview.

Thank you for your consideration! These articles help to make our Champ show book awesome. Please contact Jennifer Cole at [mepsa22@yahoo.com](mailto:mepsa22@yahoo.com) if you are interested in participating!

**NOVICE SHOWS**

The **MEPSA Novice Photo Show Series** provides newcomers with an opportunity to learn how to improve their photo show entries by using direct feedback. Entrants will be given individual private critiques on EVERY photo they enter, thus allowing them to see exactly what they can improve on. Photos will also be judged against one another (just like a regular photo show) and full results will be given to all entrants.

**Some rules to remember:**

Showers CANNOT enter Novice shows and OPEN shows at the same time. There is a maximum of 2 years allowed in Novice for showers over 16. Age 16 and under, no maximum. Graduating from Novice may occur prior to the maximum allowed time, if the majority of judges recommend moving up to Open. A shower may elect to stay in Novice for the maximum two years. It is recommended that a shower take advantage of the Novice shows and enter as many as possible during the two year time limit.

The Novice Division is designed to help you improve your photography, but the judge can also help you with other details, such as breed assignment, labeling your photo back, etc.

Novice showers may move up to the Open division, which also includes all Specialty shows, at any time. However, if they choose to do this before season's end, they CANNOT enter any further Novice shows and must forfeit all qualifications in the Novice Division for that Season's Novice Division Championship show. Once moved to Open, they cannot show in the Novice Division. All photography must be done by the entrant, no professional photography allowed. All Original Finish Plastic or China (OF), Custom (CM) and Artist Resin (AR) horses welcome.

**FEES AND RULES:** \$2.00 per show. PLEASE make check/MO out to the judge, not MEPSA!

Entrants may not enter more than 15 photos per show. All photos will be individually critiqued by the photo show judge and entrants will be given constructive criticism on how to improve their entries. Horses that place 1st, 2nd or 3rd in any halter class in this series are eligible for the MEPSA Novice Halter Championship division and, in Performance, any horse placing 1st, 2nd or 3rd are eligible for the Championship Novice Performance division in the class they place in only!! The show format runs alternately, 2 halter, one Performance. (Halter-Aug, Sept, Perf-Oct, Halter-Nov, Dec, Perf-Jan, etc.)

**STANDARD PHOTO SIZES ONLY** – Show photos should be of uniform size. 4x6 photos are preferred, but 4x5.25 and 3x5 are also allowed. Any other size may be disqualified by the judge.

**Entrants may enter one photo per horse in Halter.** Enter each horse's photo in one gender class and one breed class. Example: An Arabian Stallion photo would be entered in classes 1, 5, while a Clydesdale gelding would be entered in 3, 8. You do not need separate photos for both sections. Do not send additional photos of other views. Pick the best side, and use that photo.

In Performance, it is one photo per horse per class in classes 13, 14, 18, 19. The remainder may have multiple photos of the horse as long as they are of different disciplines, i.e. Roping and Cutting in Western Stock Class or Arabian and Native American in Costumes. Duplicate photos will be DQ'd.

## Sample Photo Backs:

**IMPORTANT: NEVER write or put sticky notes on the front of your photos!**  
**All information must be on the BACK of your photos! Never on the Front!!**

## HOW TO ENTER:

### The information needed on your photo back:

Horse's name, breed, gender, color and make/mold information should be printed or written in ink on a label. Do not write directly on photo backs as it will smear and often transfers to other photos in humid conditions. DON'T use a Sharpie or any marker type pen as they can bleed right through the photo.

**Class or classes entered** – In Halter, this will be two classes, one for gender and one for breed type. In Performance, this will be only one class, and it helps to explain what your horse is doing. (Use pencil on a blank label. Some use scotch tape, but I dislike it as the pencil fades over time and the tape itself can leave sticky spots. Pencil is used so you can erase and remark the class numbers).

Your full name, your street address, city, state, zip code, email address and your five letter entrant ID code (1st two letters of 1st name and first three letters of last name-example: Marie Phillips-maphi). An address label is perfect and preferred for this information, but you may write it in pen on a blank label. Be sure it's readable! Bigger is better.)

Showers should put their photos in a ziplock bag to keep them clean, dry and together. It is not mandatory to do this, but it is good practice to keep your photos safe and should the envelope be damaged, they will get back to the shower.

## WHAT TO SEND:

Don't forget your entry fee, and make sure your name and address is on EVERY photo back, be sure your classes are marked on every photo back, and that you have enclosed that very important SASE! What is an SASE? It's an envelope you have addressed to yourself, with that show's judge's address as the return, which is LARGE enough to fit all your photos, critiques, and results if needed, and is PRE-STAMPED with enough postage to mail home your entries, critique and results. You may request email results, but often the critiques are sent with the pix. This is very important, because otherwise, the judge cannot return your photos to you!

**You need to put at least the same amount of stamps on the return envelope as it takes to send your package to the judge.** A lot of veteran showers will put an extra stamp in their photo bag with their name written on the back of the stamp in ink (just in case). Some even use Priority mail both ways to make it easier for all involved.

Shows will run the third Saturday of every month.
